Gating Manual Nadca - download.truyenyy.com
The North American Die Casting Association (NADCA) has standard specifications for setting high pressure die casting tolerances. There is also the international ISO standard series, which focuses on casting tolerances. This series replaces the former ISO 8062:1994. ISO 8062:1994 did not have specifications to high pressure die castings.

Well #NADCA says you should have your air ducts cleaned every 2 to 5 years to keep your HVAC system running efficiently. Having your duct cleaned will improve your indoor air quality!!! So if you have dogs, new construction, allergies, dust build up on furniture, newborn baby, mold, dead rodent, smelly ducts, or you just never had them cleaned in a while or ever.
