Ducati and their belt change bullshit. | Ducati.ms - The ...

For my A3 8v 2.0 tdi, cam belt needs replacing every 70 K or every five years. Whichever comes first. Yes you can gamble on not doing it but the thing with gambling is to weigh up potential loss versus potential gains. In my personal opinion, the potential losses ie: engine damage should the belt snap..... Far outweigh paying for the belt change.

Cam-Belt Change | Audi-Sport.net

The 2.0l 16 valve engine is quite a difficult engine to replace a cam belt on as there is also a balancer shaft belt to replace at the same time. In order to complete the task correctly you will need some specialist Alfa Romeo tools these comprise of two locking tools for the camshafts and a dial gauge to find top dead center .
